

# Bringing The Outdoors In.

## A pool house with style in Buckinghamshire

The Singh family has recently added a pool house to their Buckinghamshire home, providing a luxurious space for relaxation and leisure. When they moved into their new house, they couldn't have been happier. One feature made the family particularly excited for the move - an outdoor swimming pool. As a keen swimmer Mr Singh was excited about the prospect of being able to use a pool from the comfort of his own home. However, he soon found that the English weather made this difficult. As a result, the family came to the conclusion that an indoor swimming pool would be worth the investment and set about exploring the market. After extensive research the family soon found themselves impressed

by Origin Leisure's range and 'concept to completion' service. With over 35 years' experience, Origin Leisure handles every aspect of the project, from the initial plans and design, right through the build to when the keys are handed over. The company also provides a maintenance service for all its customers.

### BRINGING DREAMS TO LIFE

With a keen eye for interior design, Mrs Singh had a vision of how her pool house should look: "I really wanted the build to complement the house exterior and I was keen to bring the outdoors in. We also wanted some extra features to be incorporated into the design, such as an outside seating area." Origin Leisure worked with Mrs Singh, incorporating her ideas into the design. With such a clear picture of what her pool house would look like, she was excited for work to begin!

### MANAGING THE PROJECTS

Throughout the project Origin Leisure kept the family updated on progress. As Mrs Singh explains: "I was always in touch with someone and had regular meetings with the project manager. This meant I was able to make tweaks along the way, so my pool house was perfect!"

### FUN FOR ALL THE FAMILY

The versatility of the poolhouse design means that Mr Singh can now enjoy a swim all year round and the rest of the family have a space for relaxation and entertainment. After being so actively involved in the design process, a stage that the family feel is crucial, Mrs Singh couldn't be happier with the outcome. "I feel a huge sense of pride every time I look down my garden at the beautiful space that we have created. It really does have the wow factor! It was great working with Origin Leisure, I felt like my voice was heard throughout the whole process and we really worked in partnership to create my vision!"
