

THE HOME OF BEAUTIFUL POOL DESIGN

# Transform your home

Origin Pools is a multi-award-winning indoor pool specialist. We manage the entire process of creating pool buildings so families can spend quality time with loved ones in the comfort of their own homes.

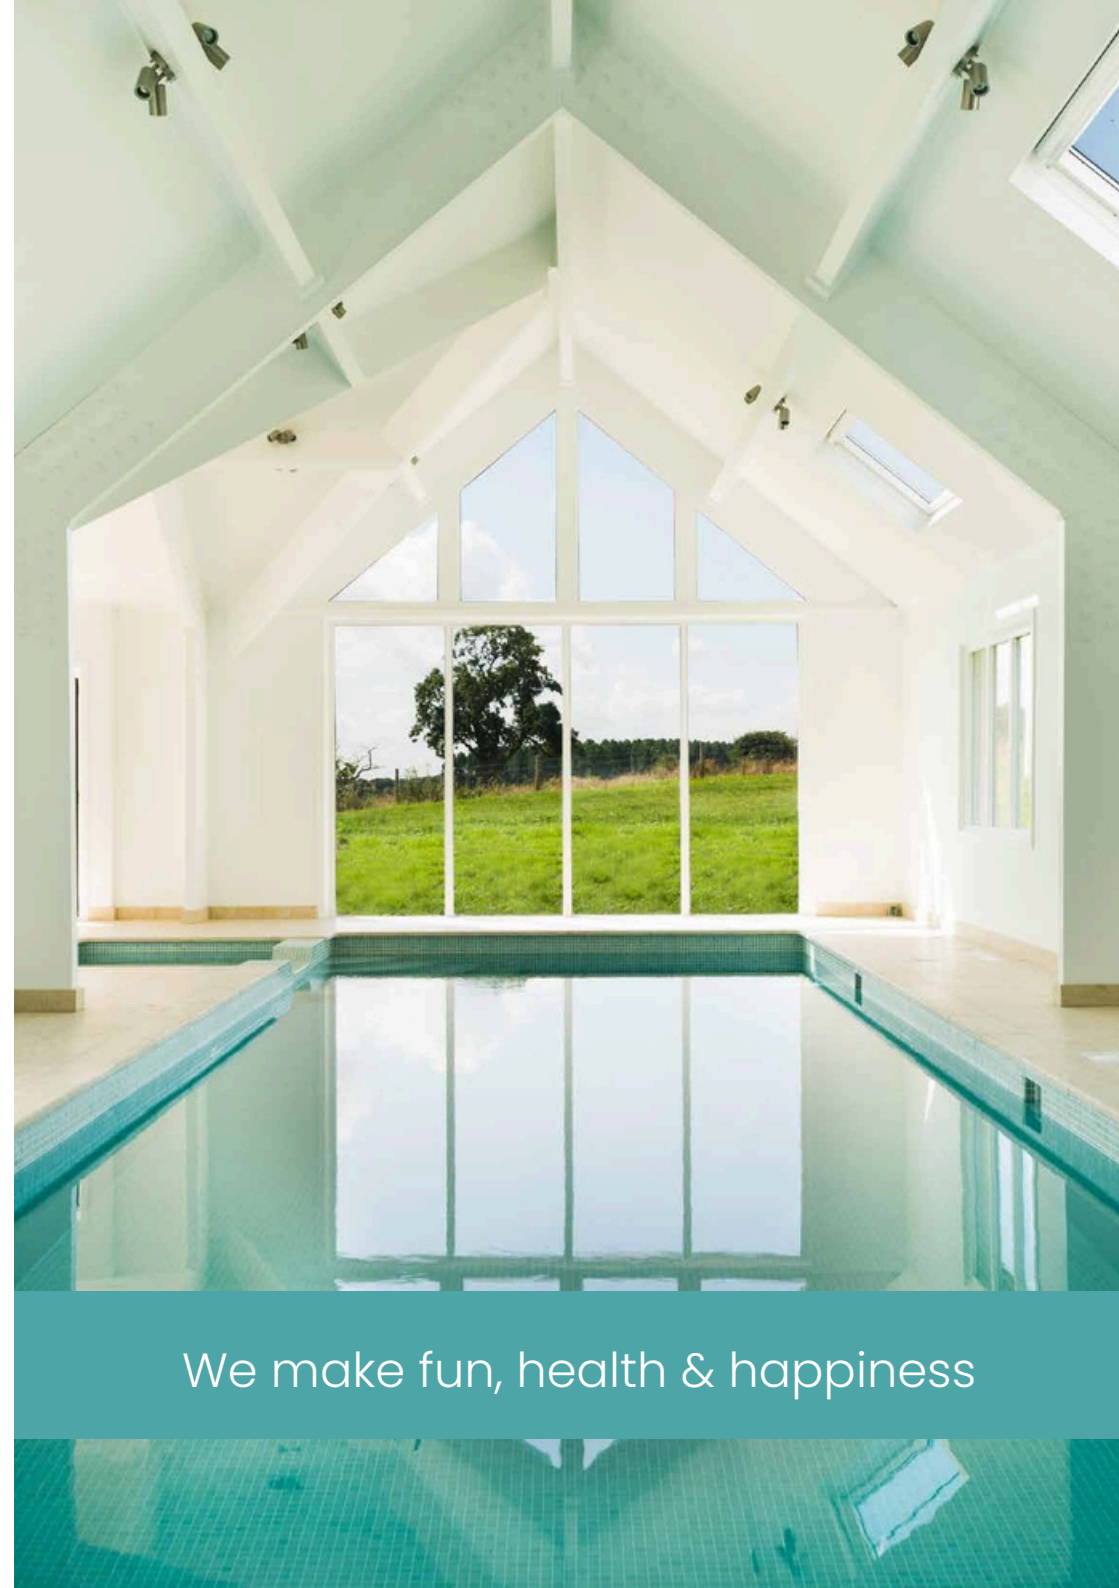

"Origin were great, they handled everything  
and for us as busy professionals that is  
exactly what you want."

## Why Origin?

Every pool project is unique and requires expert input from multiple professionals. We believe a successful pool design requires all of the specialist areas to be integrated from the very start.

Origin takes care of the whole process from initial design to construction and later maintenance, meaning you can feel secure in the knowledge our award-winning team will deliver an excellent result.

We make fun, health & happiness

Pool buildings tailored to your home & personal style

## Location

Choose to escape to a custom-built garden retreat or extend your home for integrated living and swimming.

Our Origin experts will guide you on the best location for your indoor pool and our architect will liaise with local planners on your behalf as part of our unique design process.

Our range of individually designed bespoke pools are available from £575,000 inc VAT.

## Garden Retreat

An indoor pool can transform your garden space into a private oasis, offering a serene retreat just steps from your home where luxury and tranquility come together.

Bespoke pools available **from £575,000** inc VAT.

## Home Extension

The close-knit home and pool house relationship offers unparalleled convenience, effortlessly combining swimming and relaxation into your daily routine.

Bespoke pools available **from £575,000** inc VAT.

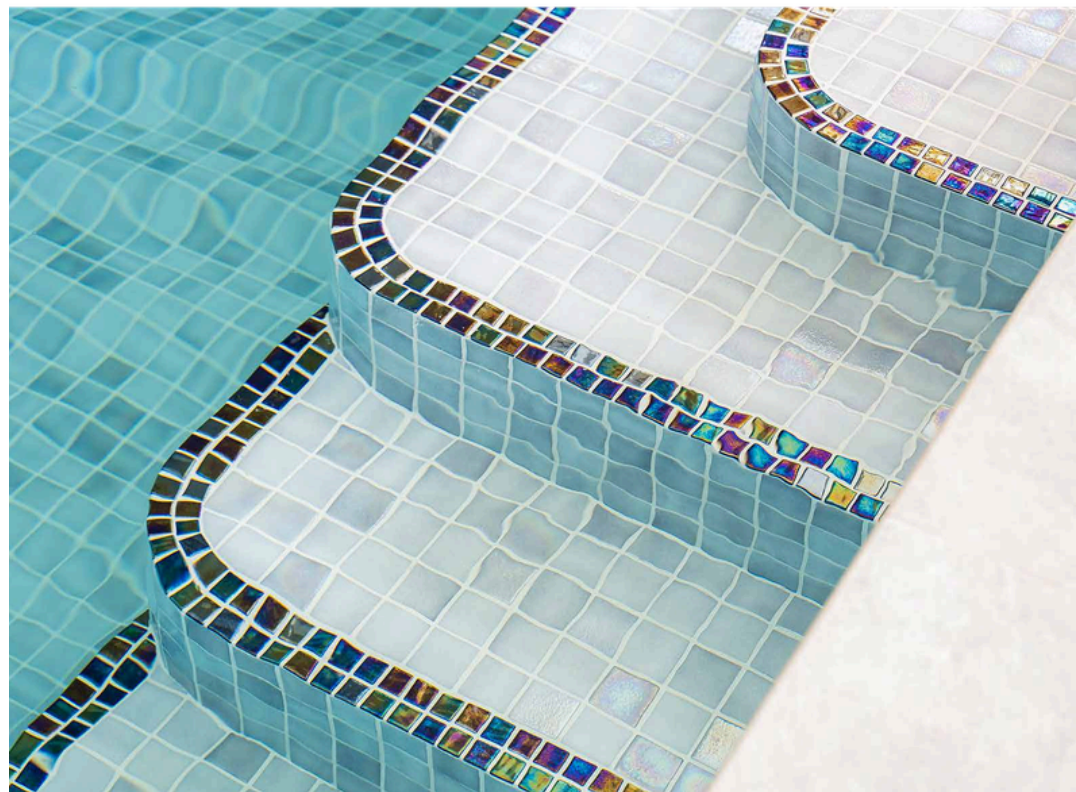

## Style

Whether you prefer a contemporary or traditional finish, attention to detail is crucial for a beautiful pool design.

From iridescent pool mosaics to atmospheric lighting, Origin will source, supply and install everything for a finished exterior and interior that reflects your personal style.

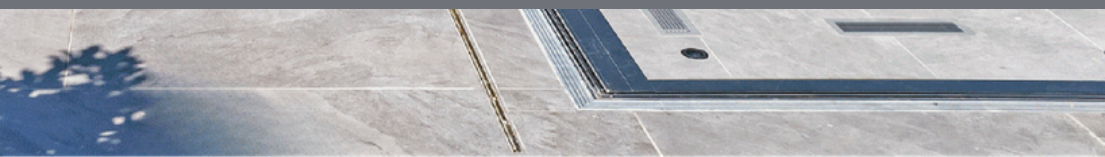

The possibilities stretch as far as your imagination.

## Wellness Areas

Adding extra space will elevate your indoor pool into a complete holistic retreat.

Including a glass-fronted sauna can help create a soothing atmosphere with the added physical benefits of contrasting environments. Alternatively, incorporating a lounge area can offer space for poolside relaxation with family and friends.

Health is a state of body. Wellness is a state of mind.

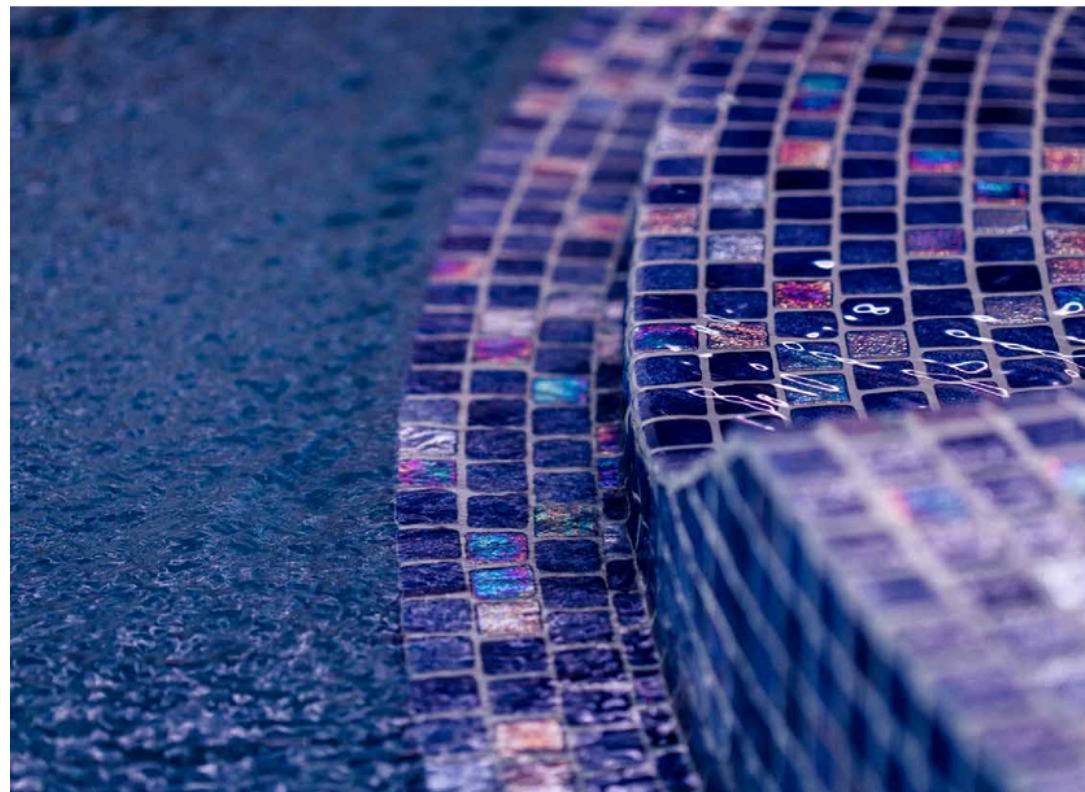

# Hydrotherapy Design

At Origin, we believe the smaller details make the difference and there are many important considerations we take into account to tailor to your individual needs and deliver successful hydrotherapy pools.

A hydrotherapy pool involves specialist planning, different water and air temperatures, modified access, and additional ancillary equipment.

## Why is Origin different?

At Origin we work closely with you to create a swimming pool design that suits your home, lifestyle and budget, requiring expert input from multiple professionals.

Our unique planning and design process is tailored to your location and preferences. We draw on the expertise of our team to carry out location surveys, budget proposals, feasibility and operational studies, heating and energy summaries, building permission applications, detailed drawings and more.

The team at Origin Pools consists of specialist engineers, designers and architects with years of experience. We manage the entire project from initial planning to construction and pool maintenance – eliminating the need for you to hire separate companies. This means you can be sure we will all be working together to the same brief from the start.
